

Infotec MP 2550 / MP 3350

Versatile document production

A3 black-and-white document systems for busy workgroups

It is easy to be more productive with Infotec on your side. Because busy workgroups often have big needs, Infotec have introduced two new MFPs with huge capability. The Infotec MP 2550 and MP 3350 make light work of regular document output and are more than capable of meeting exceptional demands. Highly productive, they'll keep pace with your business, no matter what you throw at them.

Step-up functionality enables them to meet your business needs. On one level, digital copiers, on another, advanced multifunctional systems that provide printing, scanning, document management and even multi-line fax capability.

The Infotec MP 2550 delivers 25 laser-sharp pages every minute and the MP 3350, 33 pages per minute. Simple operation, brisk processing and faster output make everyday operation a delight, whilst matched handling options automate and speed production.

Immaculate digital copying

Compact A3 copiers, the Infotec MP 2550 and MP 3350 deliver laser sharp A3 and A4 copies from memory. Sophisticated on-line systems can be added which feed, turn, staple and fold, creating professionally finished documents at the press of a button.

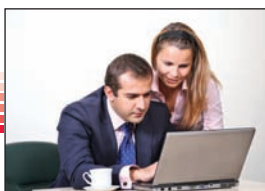

- A **colour touch-screen display** makes operation straightforward.
- Copies are **printed from memory** for consistent quality.
- One-off copies **delivered in seconds**.
- Multiple sets are **electronically sorted** at an output of 25 or 33 ppm.
- Documents **enlarged** for easy reading.
- An **optional document feeder** simplifies the copy process.

Simple and sophisticated print solutions

The MP 2550 and MP 3350 print and scan. Network ready, they can be shared by multiple workgroup users as well as acting as page printers in host print environments. Step up functionality provides the right level of performance at the right price.

Base models can be configured for printing (MP 2550B and MP 3350B):

- **Simple upgrade path** to add print and print/scan (B&W) functionality
- **Low cost RPCS option** for standard print applications.
- Printer enhance option adds **PCL drivers and document server (HDD)**.
- All models are suitable for most print environments including ERP and **host print (IPDS)**.

One-touch document capture

With the scan utility, documents scanned with the Infotec MP 2550 and MP 3350 can be forwarded to email or stored for shared use. Documents can also be routed into an Electronic Document Management (EDM) system.

- Standard models are configured for **colour scanning**.
- Base models with the **optional scanner** module scan in B&W
- **Preview scanned** documents.
- Documents may be routed to **email, folder, hard drive, URL and EDM**.
- **Email addresses are easily selected** from the LDAP address book.

Central fax bureau

Using the Infotec MP 2550 and MP 3350 as fax machines will improve communication workflows and reduce cost. Faxes are sent and received at the MFP or the desktop. Incoming faxes can be routed to the document server and an email alert forwarded to the fax administrator.

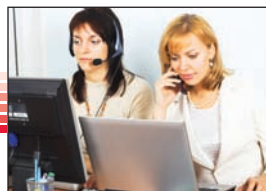

- Simultaneous **3-line send and receive** for high volume applications.
- JBIG compression for **fast & accurate transmission**.
- **LAN fax** enables messages to be sent directly from PC.
- **Paperless fax feature** stores messages to the optional document server.
- Email alerts save paper and **improve speed of communication**.
- **LDAP support** updates email and fax addresses.

Matched peripherals speed production

Whatever functionality you choose – copy, print, scan or share – simple automated production is a must. Selecting the right handling options from our range of paper decks, feeders and finishers will automate operation and speed productivity. Matched to mainframe speed, our peripherals are incredibly easy to use.

- An **ARDF simplifies scanning** of multi-page documents.
- Feed up to **3,100 sheets** with the optional LCT and Bypass.
- All paper trays feature **easy grip handles**.
- A full speed duplex for **double impact**.
- **On-line finishing options** include a stapler, punch and booklet finisher.
- Produce **professionally finished booklets** and magazines.

Technical Specifications Infotec MP 2550 and MP 3350

System	
- Process:	Digital scanning, electro-photographic print
- Resolution:	600dpi, 256 grey scales
- Display:	Widescreen colour touch panel
- Hard disk:	40 GB hard disk option on B models
- Duplex:	Trayless full-speed duplex
- Warm-up time:	14 seconds
- Dimensions:	570mm(w) x 653mm(d) x 709mm(h)
- Weight:	<60kg
- Power supply:	220-240V, 50-60Hz
- Power consumption:	Less than 1.4KW
Functions	
- Digital copier:	Standard
- Laser printer:	Standard (option on B model)
- Scanner:	Standard (option on B model)
- Document server:	Standard (option on B model)
- Fax:	Option
Output speed (A4, 80g/m²)	
- First page:	4.5s
- Continuous:	25ppm (MP2550) / 33ppm (MP3350)
Input capacity, formats and weights (A4, 80g/m²)	
- 1st Tray (std):	1 x 500 sheets, A5 - A3, 60 - 105g/m ²
- 2nd Tray (std):	1 x 500 sheets, A6 - A3, 52 - 157g/m ²
- Bypass (opt):	100 sheet, A6 - A3, 52 - 157g/m ²
- Duplex (opt):	Trayless, A5 - A3, 60 - 105g/m ²
- ARDF (opt):	50 sheet, A5 - A3, 40 - 128g/m ²
- LCT PS500 (opt):	2,000 sheets, A4, 60 - 105g/m ²
- Paper bank PB3050 (opt):	2 x 500 sheets, A5 - A3, 60 - 105g/m ²
- Maximum Input Capacity:	3,100 Sheets
Output paper capacity (A4, 80g/m²)	
- Output tray (std):	500 sheets, A6 - A3, 52 - 157g/m ²
- BN3030 one bin tray:	125 sheets, A5 - A3, 60 - 105g/m ²
- SR3050 Finisher (opt):	500 sheets, A6 - A3, 52 - 157g/m ²
	50 sheet, 5 position stapler
- SR7090 Finisher (opt):	1000 + 250 sheets, A6 - A3, 52 - 260g/m ²
	50 sheet, 3 position stapler
- SR3000 Booklet Finisher (opt):	1000 + 100 sheets, A6 - A3, 52 - 256g/m ²
	50 sheet, 3 position stapler
	10 sheet (40 page) saddle-stitch and fold
	2/4 hole and Scandinavian 4 hole punch (options)
- Maximum paper output:	1,625 Sheets
Digital copier (standard for all models)	
- Multiple copy:	1 - 999 copies
- Zoom:	25% to 400% zoom, 1% steps, 12 preset ratios
- Features:	Energy-save, auto start, interrupt, user codes, user program Auto density selection, manual density selection Text, auto text / photo separation, photo, text, map, pale, generation, date, page number and preset stamps Combine, repeat, double copy, mirror, positive / negative Front cover, back cover, chapter, slip sheet, centre, shift, erase border, erase centre scan once copy many, electronic sort, rotate sort 1:1, 1:2 (with Duplex), 2:1 (with ARDF), 2:2 (with ARDF and Duplex), booklet and magazine modes (with Duplex) shift sort and stapling (with Finisher)
Laser printer (optional for B-models)	
- CPU:	RM7035C-533L
- Memory:	768MB resident 256MB (std) / 512MB (max) (B models)
- HDD:	40GB hard disc drive option (on B models)
- Languages:	PCL5e, PCL6, RPCS (with Print / Scan and Printer units) RPCS (with RPCS unit) PostScript 3 (option for all models)
- Interfaces:	Ethernet (100Base-TX/10Base-T) and USB 2.0 (standard) Gigabit Ethernet, Parallel, wireless lan and Bluetooth (options)
- Protocols:	TCP/IP, IPX/SPX, AppleTalk
- Fonts:	PCL: 46 fonts (Printer, Printer/Scanner option) PS3: 136 fonts (with PostScript3 option)
- Operating systems	Win: Vista/XP/Me/2000/Server 2003 Novell: NetWare 3.12, 3.2, 4.1, 4.11, 5.0, 5.1, 6.0, 6.5 Unix: Sun Solaris, HP-UX, SCO OpenServer, RedHat Linux, IBM AIX Mac: OS 8.6-9.2x, OS X 10.1 or later SAP: R/3, NDPS Gateway IBM: iSeries/AS400-using OS400 Host Print Transform
- Features:	Sample print, locked print, hold print, stored print Send to document server, job binding (combine jobs) Front and back cover, slip sheet, chaptering, adjust image position, rotate duplex, booklet, magazine, watermark, overlay, header / footer, User code, authentication, encryption

Scanner (colour standard / B&W scanning optional on B-models)	
- Scan speed:	50ipm B&W / 29ipm colour (CSP models)
- Resolution:	100 / 200 (default) / 300 / 400 / 600dpi
- Scan area:	297 x 432 mm
- Scan to:	Email, hard drive, network folder, FTP, NCP, URL
- File formats:	Single page TIFF/JPEG/PDF Multi page TIFF/PDF High compression PDF
- LDAP email support:	Yes
- Protocols:	TCP/IP, SMTP, POP3, SMB, FTP, NCP
- Features:	Scan to email, folder, document server, URL and FTP, email message attachment TWIN scan, duplex scanning (with ARDF) LDAP email support
Document server (standard / option with B model)	
- Capacity:	40GB (shared), up to 3,000 documents / 9,000 pages
- Features:	Central storage and control, reprint, retrieve to PC, forward Control panel and web access, search and view Change file name, delete, edit, merge documents
Fax (option for all models)	
- Compatibility:	Super G3 (up to 3 lines), Internet fax, LAN-fax, IP-fax
- Resolution:	200x100, 200x200 & 400x400dpi (with optional SAF memory)
- Transmission speed:	2 sec
- Scan speed:	<1 sec
- Modem speed:	33.6Kbps
- Compression method:	MH, MR, MMR, JBIG
- SAF memory size:	4MB, approx. 320 pages (standard) 28MB, approx. 2,240 pages (with optional SAF memory)
- Memory backup:	1 hour
- Quick dial / speed dial:	500 numbers standard, 2000 numbers with HDD
- Group dials:	LDAP fax support
- Features:	Auto, manual, Reception time printing, centre mark, chequered mark Fax forward to email, email fax alert, immediate memory and confidential transmission, auto redial, error correction, page retransmission, double-sided transmission (with ARDF), book fax Image rotation, automatic page size reduction

External options (see graphic below)

1 ARDF 2 Bypass tray 3 2 x 500 sheet paper bank 4 BN3030 one bin tray

Internal options (not shown)

Fax option, G3 unit (option for fax), SAF memory, RPCS printer unit, Printer upgrade, Scanner upgrade, PostScript3 unit (option for printer/scanner and printer units), Hard Disk Drive unit (option for B Models), Wireless LAN interface, Parallel interface, Bluetooth interface, Gigabit ethernet interface, DataOverWrite security unit, HDD encryption unit, Copy data security unit, Web browser unit, Media link board, file format converter, Key counter bracket, Java VM card, 2/4 hole punch (option for booklet maker finisher), Scandinavian 4 hole punch (option for booklet maker finisher)
