Infotec MP 4000 / MP 5000

Modular Black & White Production

Printing · Copying · Scanning · Faxing · Document Management

infotec

Superior black & white performance

Infotec's new black & white high performance MFP's speed and simplify document production. As modular systems, they can be tailored to meet specific business needs such as high speed copying, network printing, scanning, fax communication and electronic document management. Whatever your immediate requirement, there is a system to meet the bill. And if your needs change, there is the option to upgrade, adding new functionality.

Designed for productivity, Infotec's advanced digital print systems deliver laser sharp output at speed. The Infotec MP 4000 will produce 40 pages a minute and the MP 5000, a fast 50 pages per minute.

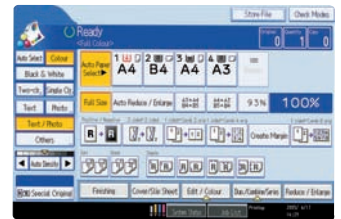

A high speed duplex prints on both sides of the page for a smarter presentation and reduced paper consumption. Sophisticated on-line finishing systems can be added which staple, punch and fold, creating professionally finished documents at the press of a button.

Fully configured, these machines are virtual document centres. Printing to these network devices will streamline workflow and reduce print costs. One, two or three fax lines can be attached,

transforming the MFP into a high-volume fax bureau. Mono and colour scanning options allow documents to be scanned into email, saved to the document server or dropped into an electronic document management system.

High productivity departmental copiers

Fast, highly productive and incredibly easy to use, the Infotec MP 4000 and MP 5000 will meet the copying needs of the busiest office. A widescreen colour operation panel guides users so that A3 and A4 copies are delivered at speed and with the minimum of fuss.

- A document feeder simplifies the copy process
- Copies are printed from memory for consistent quality
- There is no waiting; one-off copies are delivered in seconds
- Multiple sets are electronically sorted
- Double-sided output is produced at full-engine speed
- 600dpi resolution and 256 levels of grey guarantee pristine output

Network and mainframe printing solutions

The MP 4000 and MP 5000 boast advanced print, scan and share functionality. These models provide standard network printing, have an integral server for document storage and can scan in colour!

- All models are compatible with most print environments, ERP and host print (IPDS printing)
- New smart functions available

Base models (MP 4000B and MP 5000B) are easily upgradable for printing and scanning:

- Low cost RPCS option for standard print applications
- Printer option adds PCL drivers and document server (HDD)
- Scanner option provides full print and B&W scanning functionality

Centralised fax bureau

Perfect for heavy fax traffic, the Infotec MFP's double as fax bureaus. One, two or three fax lines can be added. Faxes are sent and received at the MFP or the desktop. Incoming faxes are printed on receipt or routed to email, folder or to the document server. Email alerts ensure that important messages are seen.

- 33.6 Kbps modem with JBIG compression for fast transmission
- 3-line send and receive for high-volume applications
- LAN fax enables messages to be sent directly from PC
- Paperless feature stores inbound messages to the document server
- Automated email alerts provide a link to received messages
- Fax numbers are automatically updated via LDAP support

Digital document centres

Scanned documents are sent to email or saved to the document server for shared use. Documents can also be routed into Electronic Document Management systems.

- Colour scanning is standard on MP 4000 and MP 5000 (B&W scanning is optional on B-models)
- Scanned documents are routed to email, folder, hard drive or URL
- Documents are saved in TIFF, JPEG or PDF format

- Scanned images are previewed at the control panel
- With LDAP support, the email address book is automatically updated
- Up to 9,000 pages may be stored in the document server
- Scan and Send documents using high compression PDF's to reduce network traffic.

Matched peripherals boost production

Selecting the handling options from our modular range of paper decks, feeders and finishers will automate production and boost productivity. Perfectly matched to mainframe speed, our peripherals are integrated and easy to use. They can also help facilitate access by disabled operators.

- A high capacity ARDF automates double sided copying and scanning
- The 100 sheet ARDF allows scanning of larger documents via batch mode
- Paper supply can be increased to a massive 4,400 sheets
- On-line finishing options include a stapler, punch, and booklet finisher
- The scanner can be desk mounted for easy access by disabled co-workers
- All trays feature easy grip handles

Technical Specifications Infotec MP 4000 and Infotec MP 5000

System	
· Process:	Digital scanning, electro-photographic print
· Resolution:	600dpi, 256 grey scales
· Display:	Widescreen colour touch panel
· Hard disk:	40 GB hard disk drive (option on B-models)
· Duplex:	Trayless full-speed duplex
· Warm-up time:	13s
· Dimensions:	670mm(w) x 677mm(d) x 910mm(h) (with ARDF)
· Weight:	97kg
· Power supply:	220-240V, 50-60Hz
· Power consumption:	Less than 1.5KW
Functions	
· Digital copier:	Standard
· Laser printer:	Standard (option on B-model)
· Scanner:	Standard (option on B-model)
· Document server:	Standard (option on B-model)
· Fax:	Option
Output speed (A4, 80g/m ²)	
· First page:	4.1s (MP 4000) / 3.5s (MP 5000)
· Continuous:	40ppm (MP 4000) / 50ppm (MP 5000)
Input capacity (A4, 80g/m ²)	
· 1st Tray:	1 x 550 sheets, A5 - A3, 60 - 169g/m ²
· 2nd Tray:	1 x 550 sheets, A5 - A3, 60 - 169g/m ²
· Bypass:	100 sheet, A6 - A3, 52 - 220g/m ²
· Duplex:	Trayless, A5 - A3, 60 - 169g/m ²
· ARDF (option):	100 sheets, A5 - A3, 40 - 128g/m ²
· Paper bank (option):	2 x 550 sheets, A5 - A3, 60 - 169g/m ²
· LCT (option):	2,000 sheets, A4, 60 - 169g/m ²
· Sideway LCT (option):	1,200 sheets, A4, 60 - 169g/m ²
· Maximum paper input:	4,400 sheets
Output capacity (A4, 80g/m ²)	
· Internal tray:	500 sheets, A6 - A3, 52 - 220g/m ² (250 sheets)
· One bin tray (option):	125 sheets, A5 - A3, 60 - 196g/m ²
· Finisher SR790:	1000 + 250 sheets, A5 - A3, 52 - 260g/m ²
· Multi-tray finisher SR3030:	50 sheet, 3 position stapler 3000 + 250 sheets, B6 - A3, 52 - 256g/m ²
· Booklet finisher SR3020:	50 sheet, 4 position stapler 2, 4 and Scandinavian 4 hole punch (options) 2000 + 250 sheets, B6 - A3, 52 - 256g/m ²
· Maximum paper output:	50 sheet, 5 position stapler 15 sheet (60 page) saddle-stitch and fold 2, 4 and Scandinavian 4 hole punch (options) 3,750 sheets
Digital copier (standard for all models)	
· Multiple copy:	1 - 999 copies
· Zoom:	25% to 400% zoom, 1% steps, 12 preset ratios
· Features:	Energy-save, auto start, interrupt, user codes, user program Auto density selection, manual density selection Photomode, text / photomode Date, page, user defined and preset stamps (option) Repeat, combine, double copy, positive / negative Cover insertion, paper designate, slip sheet Shift, erase border, erase centre Scan once copy many, electronic sort, rotate sort Duplex, booklet and magazine modes Shift sort and stapling (with finishers) Booklet fold and centre staple (with booklet finisher)
Laser printer (optional for B-models)	
· CPU:	RM7035C-533L
· Memory:	768MB resident 256 MB resident / 512 MB max (B-models)
· HDD:	40GB HDD (shared with Document Server) (option on B-models)
· Languages:	RPCS, PCL5e & PCL6 (depending on printer enhancement for B-models) PostScript 3 (optional for all models)
· Interfaces:	Ethernet (10Base-T/100Base-TX) and USB 2.0 (standard) Gigabit Ethernet, parallel, wireless LAN and Bluetooth (options)
· Protocols:	TCP/IP, IPX/SPX, AppleTalk
· Fonts:	PCL; 46 fonts (PCL Printer, Printer/Scanner) PS3; 136 fonts (with PostScript 3 option)
· Operating systems	Win: Vista/XP/Me/2000/Server 2003 Novell: NetWare 3.12, 3.2, 4.1, 4.11, 5.0, 5.1, 6.0, 6.5 Unix: Sun Solaris, HP-UX, SCO OpenServer, RedHat Linux, IBM AIX Mac: OS 8.6-9.2x, OS X 10.1 or later SAP: R/3, NDP5 Gateway IBM: iSeries/AS400-using OS400 Host Print Transform

· Features:	Sample print, locked print, hold print, stored print Send to document server, job binding Front and back cover, slip sheet, chaptering Scale, centre, fit, adjust image position, rotate Duplex, booklet, magazine, layout (N-up), poster Watermark, overlay, header / footer User code, authentication, encryption
-------------	---

Document server (standard / option on B-models)	
· Capacity:	40GB (shared with other functions) up to 3,000 documents / 9,000 pages max
· Features:	Central storage and control Reprint, download to PC, forward Control panel and web access, search and view Change file name, delete, edit, merge documents

Scanner (colour standard / B&W scanning optional on B-models)	
· Scan speed:	50ipm B&W / 29ipm colour
· Resolution:	100 / 200 (default) / 300 / 400 / 600dpi
· Scan area:	297 x 432 mm
· Scan to:	Email, hard drive, network folder, FTP, NCP, URL
· File formats:	Single page TIFF/JPEG/PDF Multi page TIFF/PDF High compression PDF
· LDAP email support:	Yes
· Protocols:	TCP/IP, SMTP, POP3, SMB, FTP, NCP
· Features:	Scan to email, folder, doc server, URL and FTP Email message attachment TWAIN scan Duplex scanning (with ARDF)

Fax (option for all models)	
· Compatibility:	Super G3 (up to 3 lines), Internet fax, LAN-fax, IP-fax
· Resolution:	200x100, 200x200, 400x400dpi (with optional SAF memory)
· Transmission speed:	3 sec
· Scan speed:	0.56 sec
· Modem speed:	33.6 Kbps
· Compression method:	MH, MR, MMR, JBIG
· SAF memory size:	4MB, approx. 320 pages (standard) 28MB, approx. 2,240 pages (with optional SAF memory)
· Memory backup:	1 hour
· Quick dial / speed dial:	2000 numbers with HDD 500 numbers without HDD
· Group dials:	100 groups, 500 numbers per group
· LDAP fax support:	Yes
· Features:	Auto, manual, authorised and confidential reception, Reception time printing, centre mark, chequered mark Fax forward to email/folder, email fax alert Immediate, memory transmission Auto redial, error correction, page retransmission Double-sided transmission (with ARDF), book fax Image rotation, automatic reduction

Options	
· Platen cover	· ARDF
· 2 x 550 sheet paper bank	· 1200 sheet large capacity tray
· 2000 sheet large capacity tray	· One bin tray
· Bridge unit	· 1000 sheet finisher
· 2000 sheet booklet maker	· 3000 sheet finisher
· Scanner accessibility option	· Fax option
· G3 unit	· SAF memory
· PostScript 3 unit	· Hard Disk Drive unit
· Wireless LAN interface	· Parallel interface
· Bluetooth interface	· Gigabit Ethernet interface
· DataOverwriteSecurity unit	· HDD encryption unit
· CopyDataSecurity unit	· Web browser unit
· Media link board (File Format Converter)	· Key counter bracket
· 2/4 hole punch	· Scandinavian 4 hole punch
